English

A dark, atmospheric scene with several hanging lanterns and candles on a table. The background is a dark, textured wall. The lanterns are made of metal and have a warm, yellow glow. The candles are lit and are placed on a table in the foreground. The overall mood is mysterious and ancient.

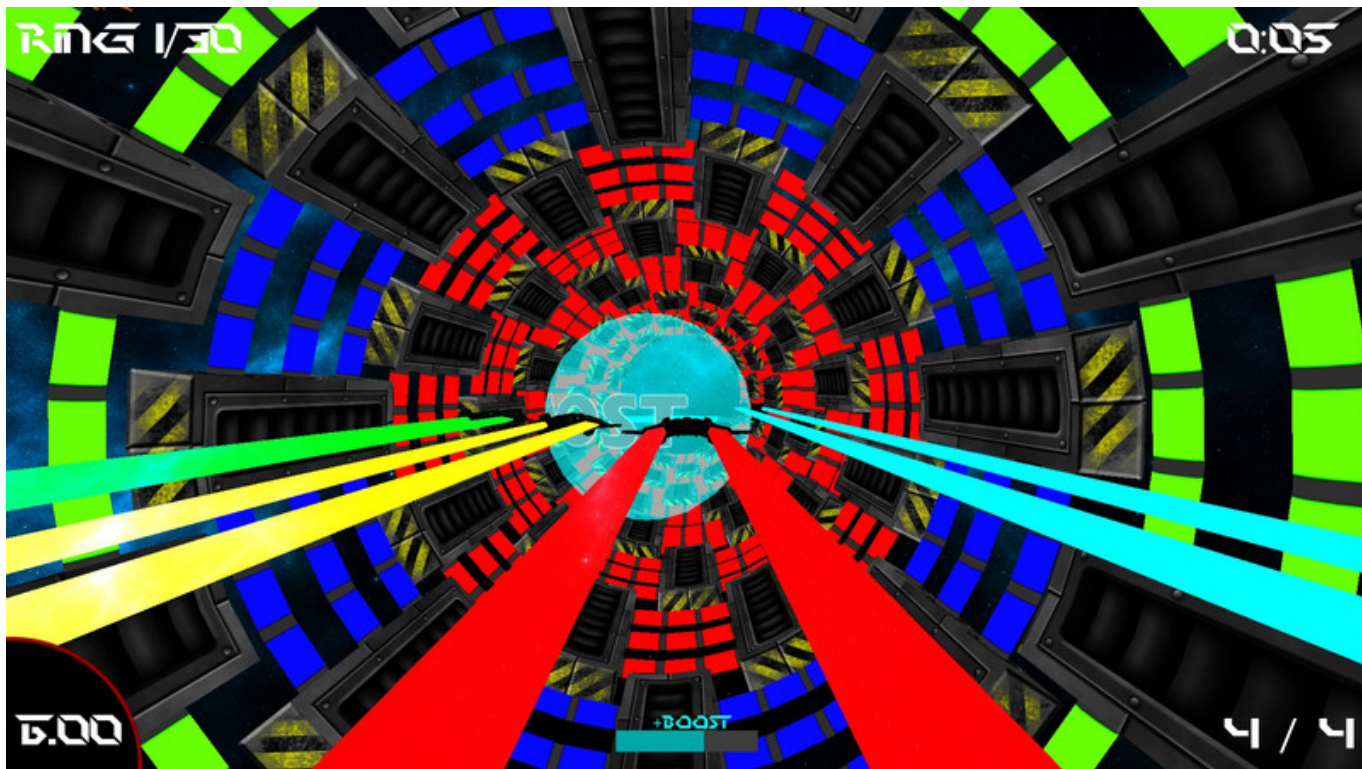

When the gods were formed, and you claimed the moon as
your dominion, which god did you ally with?

The Carrion God, who hungers for flesh.

The God of Spring, who nurtures and heals.

The Trickster God, a shapeshifter.

The God of Flames, who forges shapes in her fires.
